In the heart of Brooklyn, nestled in the shadow of the Verrazano-Narrows Bridge, you will find an oasis of lush tranquility at Dyker Beach Golf Course. Offering exceptional options for weddings, special events, golf tournaments and holiday parties, this hidden treasure is truly a unique find in New York City. The historic facility, originally opened in the 1890's, has just undergone a multi-million dollar renovation, restoring it to its original charm and grace.

With the capacity to host groups of up to 350, this gorgeous property offers both indoor and outdoor choices for weddings, receptions and all types of special events. Receptions and events can be held on the expansive 6,000 square foot patio overlooking the softly undulating greens of the course; while the floor to ceiling windows in the elegantly appointed ballroom offer guests views of the well-manicured course from every vantage point. A newly added private bridal suite is also available for the bridal party.

Hosting only one wedding at a time allows the staff to ensure that even the smallest detail is handled to perfection.

From the Executive Chef's custom designed menus, to elaborate decorating schemes, the professionals at Dyker Beach can make your dreams come true.
